### MESSAGE

It is a matter of great pleasure and honor for me writing this message to be included in the souvenir to be brought out on the occasion of the Seminar on **"Sources on Planet Energy, Environmental & Disaster Science (SPEEDS)"** organized by School of Management Sciences, Lucknow. The theme of the seminar is SPEEDS-2019 "Impacts of Non-Conventional Energy Resources" scheduled to be held on 07<sup>th</sup> and 08<sup>th</sup> Feb' 2020. Alternative resources of energy, preferably, the renewable resources would have to be searched and technologies will have to be developed to exploit them for ensuring sustainable development.

I am sure, all the essential aspects of energy, environment, ecology, sustainability etc. would be addressed by the eminent speakers in this seminar. The disaster management strategies and the use of technologies to avoid disasters will also, hopefully, be adequately covered.

The faculty and the students will certainly benefit from this seminar. The outcome of this seminar will hopefully, be setting the path forward for SMS School of Management Sciences to reinforce their efforts of building capability of research and innovation.

I wish them success in their endeavours.

  
(Prof. Vinay Kumar Pathak)  
Vice-Chancellor
