### MESSAGE

I am happy to know that the Institution of Engineers (India), UP State Centre & School of Management Sciences, Lucknow are jointly organizing one day Seminar, which is supported by MNNIT Alumni Association, Lucknow Chapter, on 'Sources of Planet Energy, Environment & Disaster Science' (SPEEDS 2022-23) on March 26, 2023. This is the 8<sup>th</sup> Seminar in the series and this time the Seminar will mainly focus on 'Impact of Glacier Melting & Climate Change'. It is fact that Glacier Melting has brought many devastating impacts to mankind including climate change. Hope the Seminar will deliberate in detail on these issues and come out with strategic recommendations to limit the damage to environment etc. by glacier melting due to global warming.

I extend my best wishes for the success of the Seminar on a very relevant and important topic which is going to provide a platform for all stake holders to share their views & experiences and come out with definitive recommendations to save our mother earth.

**Er. Bharat Chand Roy,**  
President,
